INNOVATION DRIVES FORWARD

THIS IS OSHKOSH DEFENSE.

At Oshkosh Defense, we stand behind those who dedicate their lives to protecting others. Every day we strive to meet or exceed our customers' ever-changing needs with next generation defense technologies and advanced systems. We operate with unparalleled commitment to those who depend on our products and services worldwide to perform their missions.

Capacity to deliver solutions.

One vehicle stands alone as the get-things-done resource for military operations. The Oshkosh Defense® FMTV. As an integral part of the supply and logistics chain, it is exceptionally built, highly efficient and impressively reliable. Crew-protecting armor and advanced technologies work in concert to provide the capability, versatility, mobility and protection to move troops and supplies, recover vehicles and weapon systems or haul equipment wherever the mission requires. With the defense expertise and proven production capabilities of Oshkosh, expectations are always met.

FMTV | FAMILY OF MEDIUM TACTICAL VEHICLES

For durability, reliability and advanced performance, the FMTV responds time and time again. It meets the demands – of the mission, of the battlespace and of the military personnel who rely on it. Commonality of parts – over 80 percent – across chassis variants significantly reduces the logistics burden as well as operational and support costs. And with a Long-Term Armor Strategy-compliant cab and other advanced technologies, military personnel get the enhanced protection they need to confidently complete their missions.
