

DELCO LAV-25 TURRET

# GET PROVEN POWER NOW

**The Delco turret brings new combat power to today's light and medium armored vehicles at affordable cost.**

**POWERFUL**

**ENHANCED SIGHTS**

- Image intensifiers standard
- Optional low-cost slip-in night sight module fights in darkness, smoke and dust

**Daylight channel**

Magnification: 7 power  
Field of view: 10 degrees

**Thermal channel**

Field of view:  
Narrow: 4 x 2 degrees  
Wide: 12 x 5 degrees

**Unity channel**

Magnification: 1 power  
Field of view:  
Horizontal: 60 degrees  
Vertical: 10 degrees

**COMBAT POWER**

- Rapid-fire 25mm chain gun defeats majority of the ground threat
- Missile option defeats heavy tanks at long range
- Coaxial machine gun for close-in support
- Pintle-mounted machine gun option
- Armor protection matched to the vehicle's armor
  - Standard armor protection to 7.62mm
  - Up-armor options available

**EFFECTIVE**

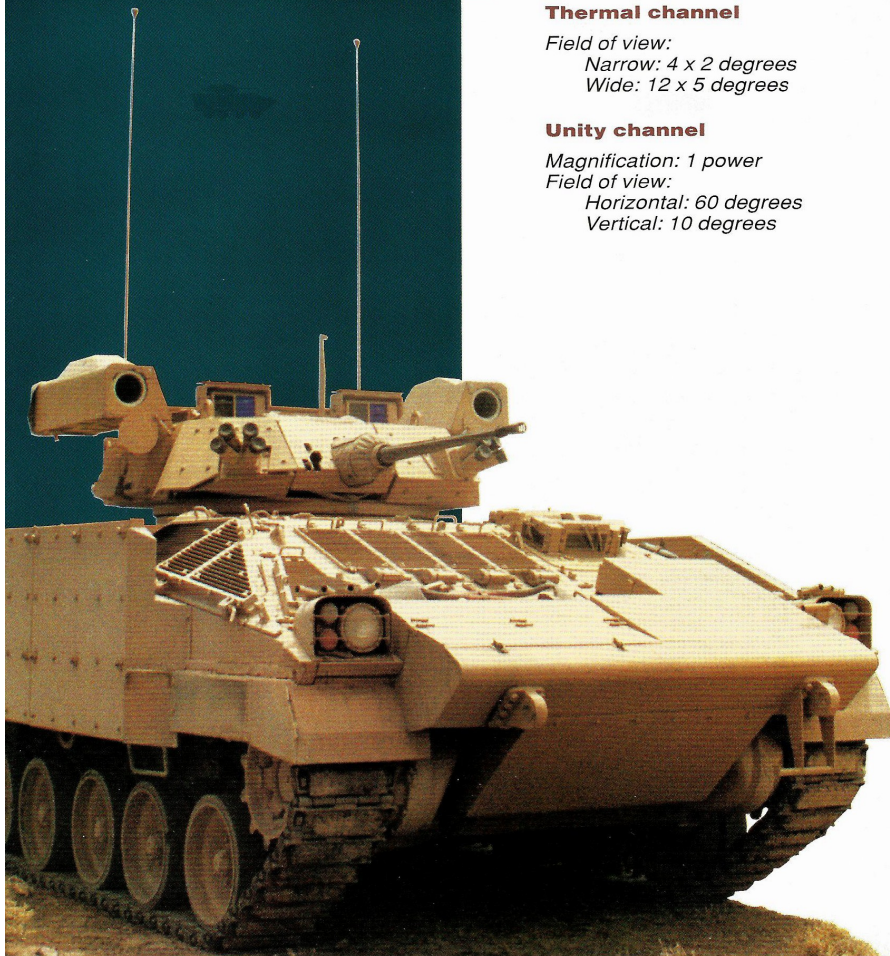

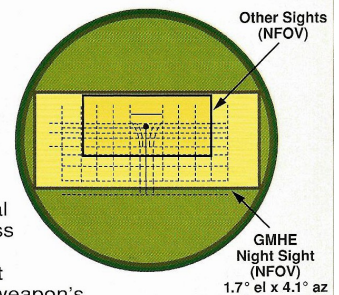

- Best value for operational effectiveness
- Combat power that keeps pace with today's battlefield
- Two-man turret — enhanced effectiveness

**ACCURATE**

- Stabilized, linked gun/sight system for fire on the move
- High accuracy at higher speed and on rough surfaces, in wheeled and tracked vehicles
- Reliable rapid-fire weapons
- High time-on-target
- High hit probability

**WIDE FIELD OF VIEW**

- Reduce search time
- Acquire more targets
- Increase situational awareness
- Gun/sight range is weapon's maximum effective range

## P R O V E N

### PROVEN, FLEXIBLE COMBAT POWER

- Modern technology in a proven turret system
- Hundreds delivered, hundreds more ordered
- Current production into the year 2000
- In US Military inventory
- A winner in Desert Storm
- Demonstrated in wheeled and tracked vehicles
- Proven modular subsystems and proven integration

### POWER ACROSS THE SPECTRUM OF CONFLICT

- Modular subsystems combined to meet your requirements
- Subsystems and integration tested and proven
- Options all mature, proven, in production
- Affordable night sight insert easily added
- Missile option fully integrated, tested, being delivered
- Enhanced armor to match vehicle armor

In the US Military inventory—in fighting forces around the world—in the war called Desert Storm — Delco's turret system has proven its combat power, sustained performance, and operational reliability.

### COMPLETE, PROVEN SUPPORT SYSTEM

- Spares system complete
- Maintenance system fully developed
- Manuals published
- Training system in use in several countries
- Turret simulator hardware and software developed

### READY TO FIGHT

- Modular configurations for peacekeeping operations to conventional warfare
- Integration of modules has been demonstrated
- Highly deployable, sustainable, reliable system means high operational availability

### AVAILABLE

- Turret production lines are in operation
- All modules, options are in production
- Night sight is affordable, reliable
- Operation, maintenance, and training support available

**The Delco turret system combines proven, production modules to provide quickly deployable, reliable, maintainable armored power to meet the full spectrum of conflict.**

### READY

### BEST VALUE

- The key to an affordable combat vehicle modernization program
- Low-cost missile, night sight options
- Upgrades enhance transition from APC to AIFV

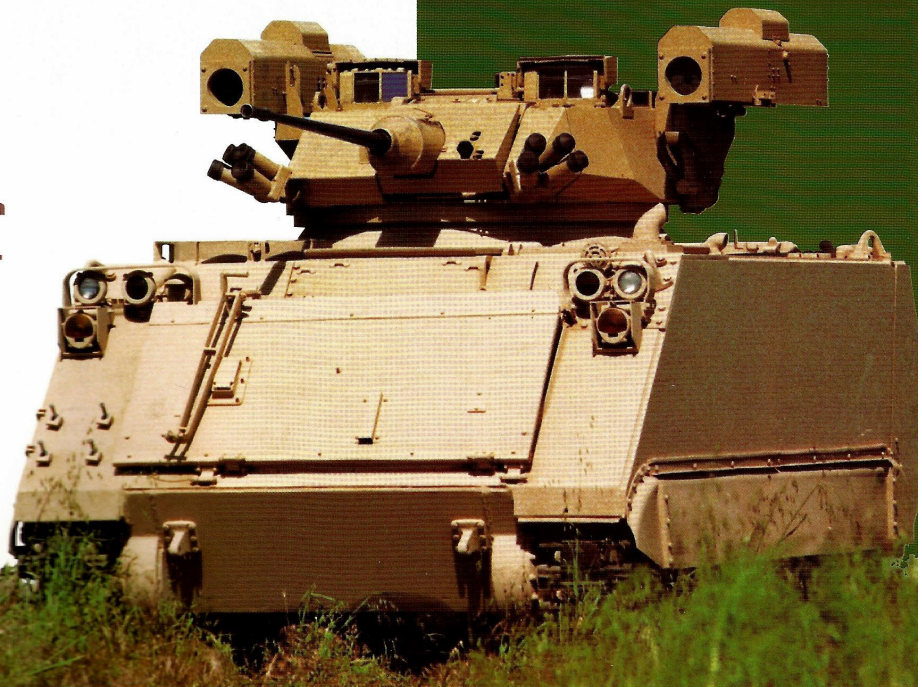

**The Delco turret system.**

**Powerful.**

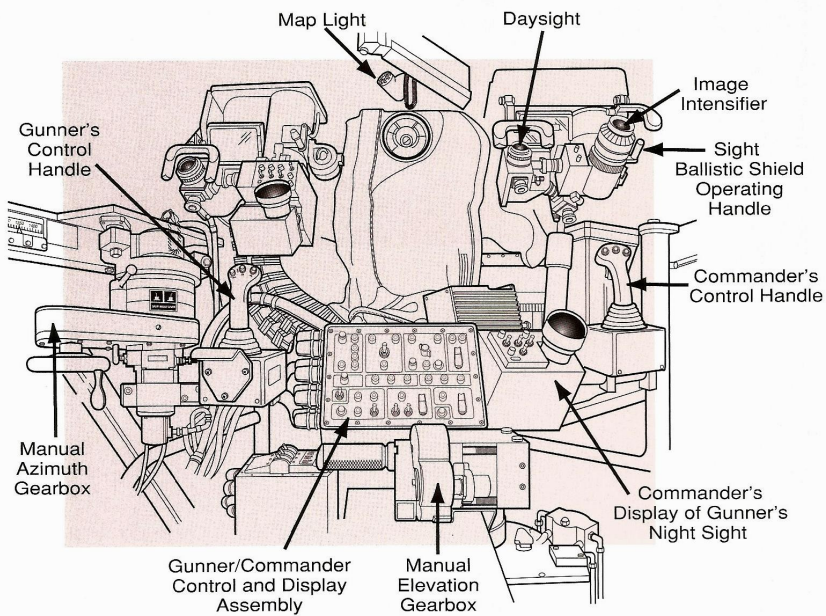

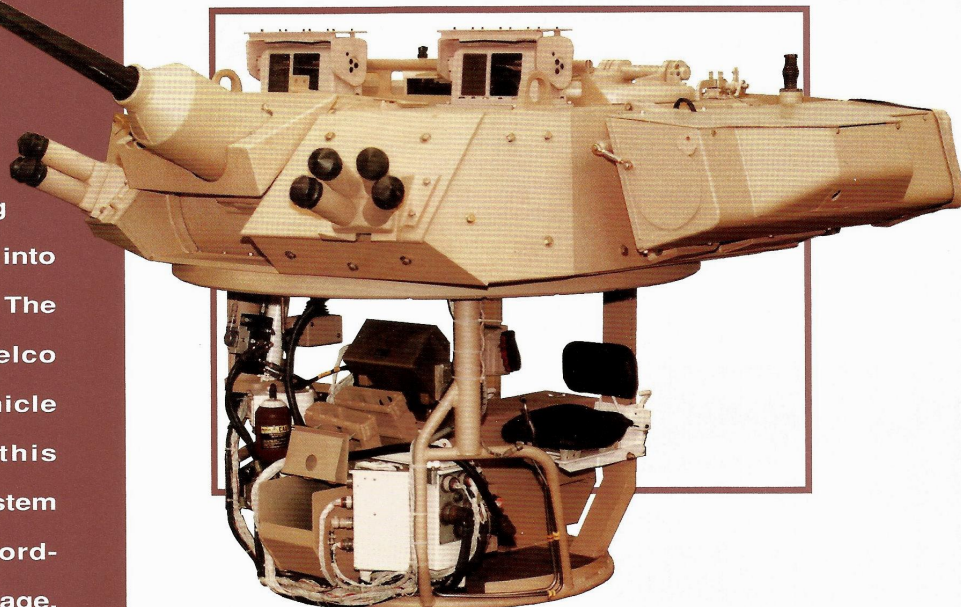

**Available.**

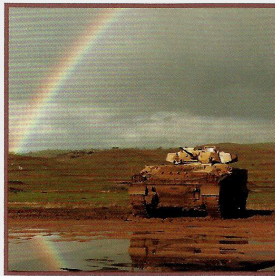

**Affordable.**

**The key to a modern armored vehicle that can fight and win on today's battlefield.**

**T**he modern light armored vehicle. Quick to strike, hard to hit. Carrying modern technology into today's battlefield. The combat-proven Delco light armored vehicle turret provides this modern weapon system in a complete, affordable, available package. Engages and defeats up to 100% of all threats across the spectrum of conflict. The Delco turret is in production now, complete with all support, including spares, manuals, training, and maintenance. In new equipment or as an upgrade to your existing armored vehicle fleet, the Delco turret system gives best value to your combat vehicle modernization program.
