

MEDIUM TACTICAL VEHICLE REPLACEMENT

MTVR

INNOVATION DRIVES FORWARD

THIS IS OSHKOSH DEFENSE.

At Oshkosh Defense, we stand behind those who dedicate their lives to protecting others. Every day we strive to meet or exceed our customers' ever-changing needs with next generation defense technologies and advanced systems. We operate with unparalleled commitment to those who depend on our products and services worldwide to perform their missions.

MTVR | MEDIUM TACTICAL VEHICLE REPLACEMENT

Go the distance. Get the results. Effectively complete the mission.

Built to go over the roughest terrains and through the most hazardous environments, the Oshkosh Defense® Medium Tactical Vehicle Replacement (MTVR) is a high-performance all-terrain vehicle military personnel can rely on. The MTVR easily carries 15 tons (13608 kg) over the highway and up to 7 tons (6350 kg) off-road. And with advanced technologies like the TAK-4® independent suspension system and the Command Zone™ integrated control and diagnostics system, the MTVR has the brawn and the brains to take on any obstacle that attempts to impede the mission. It's also backed by Oshkosh throughout its entire life-cycle, so it will always be ready. For any mission. Anywhere.

MTVR | MEDIUM TACTICAL VEHICLE REPLACEMENT

With the ability to operate in the most extreme conditions, from -50°F to 125°F (-45°C to 52°C), the Oshkosh Defense® MTVR provides the durability, reliability and versatility the armed forces need. With an on-road cruising range of 300 miles (483 km), the ability to ford five feet (1.5 m) of water as well as traverse a 60 percent gradient and 30 percent side slope with its maximum cross-country load, the MTVR performs on any mission, every time – wherever that mission is.

LHS 16.5-ton, 8x8 (Load Handling System)

Global 8x8 Heavy Load Handling System

MAS (MTVR Armor System)

MTVR OBVP (On-Board Vehicle Power)

A large, olive-green military truck with a camouflage pattern is driving on a rocky, desert trail. The truck is a heavy-duty vehicle with multiple axles and large, treaded tires. It is kicking up dust as it moves. The background shows a vast, arid landscape with rolling hills and mountains under a clear blue sky.

Highly durable, extremely reliable, all-terrain vehicle specifically engineered to perform in the most intimidating environments. Every time. All the time. The Oshkosh Defense® MTVR.
